**Kidzdeskz Limited**  
**The ALBANY, RADCLIFFE & ROXBURGH desk sets**  
**Standard Dimensions & details**

Built to stand the test of time constructed to be elegant and functional for today's children, we introduce our stunning desk, chair and pencil box sets. Made from solid wood with safety built in as standard, these desk sets are beautifully made and very traditional in their style. The sloping lid promotes good back posture in young children and the sliding stay device within the desk allows the lid to be locked in the up position if required. With the lid opening past the vertical to prevent it falling onto the head of the user and a finger gap created at the front of the desk to stop fingers being crushed with the lid in the down position, safety is well taken care of and is a primary feature of the product. With TURNED or STRAIGHT legs available on all desk sets as a customer option, there is a set to suit any location, be it household or school, stately home or small office.

These desk sets comes in three versions – The Albany, the Radcliffe and the Roxburgh, available in a variety of wood types. The Albany set is aimed at 2-5 year olds; The Radcliffe set is aimed at 5-12 year olds; The Roxburgh is aimed at Adults and children of 12 years and over. All weights and dimensions are approximate and are subject to change without notice. We are continually working to improve our products.

The Albany set is available in light pine or beech wood. These are the basic dimensions:-

<b>Albany desk, chair &amp; pencil box set</b>	<b>pine and beech versions</b>
Desk Height (at highest point)	70cm (27.5")
Desktop Lid dimensions	57cm (22.5") x 47cm (18.5")

The pine wood used for the Albany set is from Finland. The Rubber wood is from Malaysia and American White Oak is from the United States. The beech wood is from Slovakia. All wood is verified as being obtained from sustainable forest resources and no child labour has been used in any part of the construction of any of our products.

We usually pre-build the desk sets from flat-pack form for customers where possible, but if shipped by delivery services other than by Kidzdeskz Limited, we part-build the product before sending it and final assembly is then very easy with the supplied tool and instructions. The Radcliffe can also be ordered in European Oak and Cherry wood versions which are slightly larger, with a higher backed chair, than the American White Oak and Rubber wood versions. These two versions are custom built in the UK and delivery is usually 10 weeks, with the product being supplied fully built. Call us for prices. **All desk sets feature TURNED or STRAIGHT legs as a customer option.**

Delivery on our is main products usually within 14 days if delivered from stock, but often we deliver much quicker, three to five days being typical. Delivery Ex-stock can be up to 8 weeks but can be sooner. We work hard to ensure good and quick service both to the Retailer and the End Customer and will always keep customers informed of any delays. We also offer a 14-day no quibble money back guarantee on our products.

The European Oak and Cherry versions must be ordered separately and are custom built in the UK. Delivery on these sets is up to 10 weeks. Call us for prices and any customisation you may require. Note that the Cherry and European Oak versions, as well as any non-standard customer specified sets, are custom built and are supplied in fully built form.

Some customisation is available on all products – call for details and costs if required. Note that we will also build to customer specifications if required – please contact us for details with your customer's requirements.
